

Terms & Conditions Beta-start Program

BETA-I is an organization engaged in innovation and development promotion among communities, organizations and people, encouraging new entrepreneurship models, through consultancy and both technical and managerial advisory, as well as in contributing to the creation and consolidation of sustainable projects in information technologies and communications' fields, creative industries, social economy and innovation management, energy and health;

In pursuing its goal, as a startup accelerator, BETA-I performs training, coaching, consultancy and both technical and managerial advisory to both individuals and corporations, in order to promote their projects' development, through acceleration programs as Beta-start;

BETA-I's business model is based on sponsorships that sustain its activity, as well as on fees charged for events and programs, in order to reduce entrepreneurs' costs.

The ENTREPRENEUR recognizes that the participation on Beta-start will add value to his project, namely in the business model's elaboration, team alignment, mentors and clients search, and in the validation of the problem-solution fit, specific to his product/service.

I

To contribute to the project development and, therefore, facilitate its execution and potential success with clients and/or investors, BETA-I commits itself to provide to the ENTREPRENEUR, during his participation period on Beta-start acceleration program, the following services:

- a) Training, coaching and mentoring sessions with experienced executives;
- b) Office hours to monitor the project with the program organization team, specialists and services' providers;
- c) Workspace availability with the necessary tools and internet access during the program;
- d) Networking opportunities with mentors and investors;
- e) Access to Beta-share platform where relevant materials to business development are available;
- f) Prizes and discounts from sponsors and partners of Beta-start program;
- g) Organization and promotion of the Demo Day, where you will have the opportunity to present your project and meet potential clients and partners.

The ENTREPRENEUR commits to:

- a) Participate in all activities proposed by BETA-I within the Beta-start program, according to the available online calendar of each edition;
- b) Produce, within the deadlines set, the deliverables required by mentors, coaches and trainers, as well as perform the necessary tasks to reach the weekly goals;
- c) Participate in group projects and support other participants of Beta-start program;
- d) Provide feedback at the end of each session and, at least, once again after the program;
- e) Refer BETA-I as project acceleration partner on project's marketing materials (as in website, press-releases, etc.);
- f) Refer BETA-I as ignition partner in case of application to a Portugal Ventures' call;
- g) Allow BETA-I to disclose your name and the project's name on promotional materials of Beta-start program and other BETA-I initiatives;
- h) Pay BETA-I, before the program start, according to the following tables:

Number of Team Members	Amount per participant	Total amount per team
1 entrepreneur	350 €	350 €
2 entrepreneurs	250 €	500 €
3 entrepreneurs	250 €	750 €
4 entrepreneurs	250 €	1000 €

Note 1: Even though BETA-I can select projects with only 1 (one) participant, preference will be given to projects with 2 (two) or more members. Participation is limited to a maximum of 4 (four) people per project. If the participation fee is preventing your project application, please contact us. This amount is only a portion of the program costs. The remaining is covered with the investment of sponsors announced on the website.

Note 2: Refunds - the amount paid by each participant will be reimbursed in case of withdrawal until 3 days before program's kick-off. Refund will not be possible if the ENTREPRENEUR withdraws after. If the ENTREPRENEUR does not comply with his obligations and he is invited to abandon the program, refund will not occur.

Note 3: Exclusion of a participant from a project will lead to an analysis, case-by-case, of the project's continuity in the program.
